Dear skiing enthusiasts,

After the first event 32 years ago, the VIRTUS World Skiing Championships will be held in Austria for the first time. For one week, Seefeld in Tyrol will be home to winter sports athletes competing in Nordic and Alpine disciplines. The LOC of the FIS Nordic World Ski Championships 2019 in Seefeld is significantly involved in the organisation and realisation of the World Championships. This guarantees that the competitions will be unforgettable and successful for the participants. The well-developing Corona situation lets us look positively ahead and we are confident that we will be able to welcome nations from all over the world. For the Austrian team, the World Championships will certainly be a highlight – and we are also hoping for one or two medals – after all, the ÖBSV intellectually impaired ski team has been one of the most successful ones in recent years. I am looking forward to a successful World Championships and a celebration of friendship,

Brigitte Jank, President ÖBSV

Dear sports friends,

We are honoured to be the first Austrian venue to host the VIRTUS World Skiing Championships. For decades Seefeld has been one of the TOP destinations for winter sports. Due to the knowhow gained through major events such as the Nordic World Ski Championships 2019 and the annual Nordic Combined Triple, we are also looking forward to ensuring an unforgettable event for intellectually impaired people at the World Championships. Both the Alpine and Nordic venues will present themselves to the athletes in their usual excellent manner. Our team is already looking forward to welcome athletes from all over the world in Seefeld in Tyrol.

Werner Frießer, Mayor of Seefeld
